## Education

### **Seattle Central Creative Academy [2012- 2014]**

*Graphic Design*  
Studied Front End Web Development and User-Centered Design approaches, and developed a strong foundation in Typography and general design fundamentals.

### **Purdue University [1999-2004]**

*Computer Graphics Technology*  
Studied the analysis, design, production and distribution of interactive multimedia.

## Work Experience

### **Sinclair Broadcast Group [Jan 2016-present]**

*Senior UX Designer*

Built competitive and effective user experiences. Worked closely with other disciplines and stakeholders to validate, design, test, and ship experiences that grew reach and engagement in Sinclair Broadcast's array of products.

#### Key Releases

- Tennis Channel tvOS, Roku, Firetv, iOS, Android app
- Mobile News iOS & Android apps
- Comet TV Roku and tvOS app

### **Sinclair Broadcast Group [July 2014-Jan 2016]**

*UX Designer*

Worked with project managers, product managers and engineers to develop projects from ideas to production-ready assets. Led design and collaboration reviews and demonstrated products for stakeholders.

#### Key Releases

- Sinclair Storyline CMS
- Sinclair Websites and migration
- Full Measure website
- Sinclair Broadcast Corp website

### **Rhodesworks Design Studio Website [2014]**

*Web Designer, Developer*

Designed and developed an original responsive website with WordPress for a rock sculptor.

### **West Seattle Bowl Website [2014]**

*Web Designer, Developer*

Created an original responsive website with WordPress for dynamic updates. Art directed original photography to be used on the site.
